

Edinburgh Manor

Edinburgh Manor a Residential Care Facility (RCF) managed by Community Care, Inc. (CCI) is located in rural Scotch Grove, IA. It sits just a few miles East of Anamosa, IA in a county setting. CCI offers Home and Community Based Services and Supportive Community Living. The care facility has 47 licensed beds.

The Residential Care Facility (RCF) is a community-integrated program offering a full array of services, both in-house and through local community resources, to adults with disabilities requiring licensed residential treatment services. RCF employs a well-trained staff and a homelike environment to provide each individual with support, supervision, training, and rehabilitation needed to avoid transfer to a more restrictive environment and to prepare for advancement to a more normalized and less restrictive community living arrangement.

Services provided, based on specific individual needs, include living skills training, social skills training, recreational skills training and vocational experiences. Individuals and family members serve as a part of the Individual Program Plan (IPP) team and are encouraged to participate in all aspects of IPP development and implementation.

CCI provides 24 hour supervision and medication assistance to individuals. Activity staff and Direct Support Professionals assist residents with independent living skills and a variety of enjoyable activities to fit individual needs. The staff strives to make a comfortable and pleasing environment to meet individual needs.
